## Directors' Report

On behalf of the Board of Directors, I am pleased to present the operating and financial performance of the company for the first quarter of Financial Year 2022 ended 30 September 2021.

### Overview

FY 2021-22 has started with encouraging economic growth outlook and the performance of your company continued to reflect an improved operating performance during the period under review. Although our costs show an increasing trend on account of inflationary pressures in the economy as well as rising raw material prices, the pirces of our finished goods also kept pace with this rise. The company achieved a 21.6% increase in sales to reach RS, 4.92 billion as compared to Rs. 4.05 billion in the corresponding period. Financial charges rose by 32% primarily due to high borrowing mainly raw material financing as we accelerated our buying pattern. During the period under review the Company earned a net profit of Rs. 824 million and earnings per share of Rs. 20.43.

Following is summarized Income Statement for first guarter of FY 2021:

| Brief Income Statement   | Sep-21  | Sep-20   | % Change |
|--------------------------|---------|----------|----------|
|                          | (PKR in | Million) |          |
| Sales                    | 4,928   | 4,051    | 21.6%    |
| Gross profit             | 1,235   | 505      | 202%     |
| Operating profit         | 1,087   | 479      | 245%     |
| Financial cost           | (44)    | (33)     | 32.5%    |
| Profit before taxation   | 1,044   | 446      | 266%     |
| Taxation                 | (220)   | (73)     | 300%     |
| Net Profit               | 824     | 373      | 221%     |
|                          |         |          |          |
| Earnings per Share (EPS) | 20.43   | 10.16    |          |

An impairment loss of PKR 76.5 Million was booked during the quarter, while remeasuring short term investments in equity instruments as at period end. Decline is attributable to bearish performance of PSX amid bull run in global commodities due to post COVID-19 surge in demand.

As per assessment, cotton crop is expected to surpass production targets and will be around 8.5 million bales. Dispite healthy increase of 20% we believe requirements of textile industry could not be met and once again we have to rely on imported cotton. In view of post COVID demand, all commodity prices are at an all time high and this can hamper the earnings of the textile industry where raw material prices have increased and the Pakistan rupee continues to erode in value against the world currencies. The government must focus on import substitution by providing an enabling environement and quality seeds in order to produce high staple cotton and attain maximum benefits for the country.

On the expansion front company has procured almost entire machinery for its new weaving unit and it is expected that commercial production would commence from next calender year. We are confident that this addition would strengthen our asset base and contribute significantly to our economies of scale while also enabling us to compete in terms of efficiency.

Your company will continue to focus on its core competencies and its managerial expertise to limit the negative effects and continue to try and perform as per the expectations of its stakeholders. We are always looking for new opportunities to diversify and shall keep you apprised of our efforts.

Acknowledgements

On behalf of the Board of Directors, I would take this opportunity to thank all our partners and employees for their continued support. I would also take this opportunity to express my gratitude to the Board for their valuable insights and guidance.

#### 1 THE COMPANY AND ITS ACTIVITIES

Suraj Cotton Mills Limited ('the Company') was incorporated in Pakistan as a public limited company under the Companies Act, 1913 (now Companies Act, 2017) and is listed on Pakistan Stock Exchange Limited, Its registered office is situated at 7-B-3, Aziz Avenue, Gulberg-5, Lahore. The Company is engaged in the manufacturing, sale and trading of varn, fabric and processing of fabric.

#### BASIS OF PREPARATION 2.

- 2.1 These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:
  - International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
  - Provisions of and directives issued under the Companies Act. 2017.
  - Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.
- 2.2 These condensed interim financial statements do not include all the information and disclosures required in annual financial statements and should be read in conjunction with the annual audited financial statements of the Company for the year ended 30 June 2021. These condensed interim financial statements are unaudited, however, have been subjected to limited scope review by the auditors and are being submitted to the shareholders as required by the Listed Companies (Code of Corporate Governance) Regulations, 2019 and Section 237 of the Companies Act, 2017.

#### ACCOUNTING POLICIES 3.

The accounting policies and methods of computations adopted for the preparation of these condensed interim financial statements are the same as applied in the preparation of the preceding audited annual published financial statements of the Company for the year ended 30 June 2021.

#### 3.1 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of these condensed interim financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

During preparation of these condensed interim financial statements, the significant judgments made by the management in applying the Company's accounting policies and the key sources of estimation and uncertainty were the same as those that applied in the preceding audited annual published financial statements of the Company for the year ended 30 June 2021.

### 27. RECOGNIZED FAIR VALUE MEASUREMENTS - FINANCIAL INSTRUMENTS

### i) Fair value hierarchy

Judgements and estimates are made in determining the fair values of the financial instruments that are recognised and measured at fair value in these condensed interim financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the following three levels. An explanation of each level follows underneath the table.

| Recurring fair value measurements at 30 September 2021 - Un-Audited | Level 1   | Level 2    | Level 3     | TOTAL     |

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the period ended 30 September 2021. Further there was no transfer in and out of level 3 measurements.

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and trading and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

### Valuation techniques used to determine level 1 fair values

Specific valuation technique used to value financial instruments was use of quoted market prices.
